Description
A level, regular field of 1450 m² in the countryside of Astromeritis, offering agricultural land that is simple to plan and work. The even ground and neat shape suit planting or cultivation, and the field is already enclosed.

The land lies in an open rural setting outside the village centre. It is set back from the main roads, which are within walking distance. Potami and the Koutrafas villages are a short drive away, and the motorway towards Nicosia is reachable in the wider region.

A tidy, level and enclosed field with ground that is straightforward to work.
