Description
Set in the countryside around Pedoulas, this agricultural field covers 4,348 m² of open land in an uncomplicated rural setting within Nicosia district. The ground slopes and the plot is irregular in shape, in a landscape away from dense development.

The field is zoned for agricultural use and suits farming or planting. Pedoulas village centre is a short drive away, as are the neighbouring villages of Lemithou and Prodromos, and a petrol station is close by. This is a practical addition to an agricultural holding, with 4,348 m² of farmland to work.
