For Sale : **€ 4,000**

Description
A field on the market in Kapedes, Cyprus, set in open countryside just outside the village and zoned for agricultural use. The land covers 4060 m², with an irregular shape and an uneven, sloping surface, and lends itself to farming or planting. It is landlocked, with no direct road access.

Kapedes lies in the Nicosia district. The neighbouring villages of Politiko and Kampia are a short drive away, and the main motorways are within a drive of the area. This sale is for a one-half share of the field. It is a versatile piece of farmland, away from dense urban development.
