Description
This field is in Palaiometocho, in the Nicosia district, set in open countryside away from dense urban development. It is agricultural land, suited to farming, planting or holding as a practical addition to a wider rural property.

The field has an irregular shape and an uneven surface, and it has no direct road access. The village centre of Palaiometocho and neighbouring Agioi Trimithias are a short drive away. This sale is for a half share of the field. It offers a straightforward piece of farmland in a rural landscape.
