Description
Level agricultural land in Palaiometocho, this field covers 827 m² with an even surface and direct road access. Its shape is irregular, and high-voltage power lines cross the land. The neighbouring village of Agioi Trimithias is within walking distance and Lakatameia is a short drive away. The Nicosia–Deneia Motorway and its junctions are also close by, so the field is easy to reach from across the Nicosia district. This sale is for a one-quarter share of the field.
