Description
An agricultural field of 9,235 m² in Klirou, set in open countryside in the Nicosia district and away from dense urban development. The ground is sloping and irregular in shape, and the land suits farming or planting in line with its agricultural use. It has no direct road access.

The village centre of Klirou is a short drive away, with the neighbouring villages of Kalo Chorio Oreinis and Malounta also close by and the motorways further afield. This sale is for a one-quarter share of the field. It is a sloping piece of agricultural land in a rural landscape.
