Description
Set in open countryside, this small agricultural field in Kalopanagiotis offers a modest piece of farmland in the Nicosia district. It covers 493 m² of sloping ground with an irregular shape. The land is zoned for agricultural use, suited to planting or small-scale farming. It has no direct road access.

The centre of Kalopanagiotis is a short drive away, as are the neighbouring villages of Oikos and Moutoullas, with petrol stations also close by. This is an uncomplicated rural land purchase: a compact, sloping plot of agricultural ground in a landscape away from dense development.
