Description
For sale: a field in Platanistasa, a rural community in the Nicosia district. The land covers 493 m² of sloping, irregular ground, and a stream passes through it.

The field lies in an open countryside setting, with the village centre a short drive away and the neighbouring villages of Fterikoudi and Lagoudera within a drive. The land is landlocked and has no direct road access. It falls within a protected area. This is a small, uncomplicated piece of rural land, shaped by its slope and the stream that crosses it.
