Description
Village life in Stroumpi sets the tone for this residential field in the Paphos district. Supermarkets and shops are within walking distance, and the village centre is a short drive away. This is the authentic side of Cyprus, where everyday errands stay close to home.

The land covers 1,673 m², with a regular shape and a sloping surface. Its residential zoning offers room for a home. It fronts a public road, so the field has direct road access, a practical start for any plans.

Picture a home taking shape on the gentle incline, with daily essentials a short stroll away and the rhythm of the village all around. A sizeable, well-shaped piece of residential land in a welcoming village setting, ready for a home of your own to begin.
