Description
High in the hills of Larnaca district, Odou offers authentic Cypriot village life at a slower pace, in a landscape-led setting away from dense urban development. This compact residential plot of 335 m² sits on sloping, elevated ground close to the heart of the village, a fine setting for a home of your own in a community with a strong local identity.

The land has an irregular shape and direct road access, and its residential zoning makes it a natural place to plan a family house or a retreat from the summer heat. Restaurants and cafés, a school, parks and green spaces are all a short drive away, as are the neighbouring villages of Melini and Kampi.

Weekends here can be spent outdoors. The walking country around Kionia peak lies within easy reach, the restored stone houses of Fikardou make a memorable outing, and the Nicosia–Limassol Motorway in the wider region keeps the bigger towns comfortably connected.

For anyone drawn to the mountain village character of Odou, this is an uncomplicated piece of residential land with a genuine sense of place.
