Description
This agricultural field in Farmakas offers 2342 m² of farmland in an open countryside setting in the Nicosia district. It is suited to farming or planting, and it would also make a practical addition to an existing agricultural holding. The centre of Farmakas is a short drive away, as are the neighbouring villages of Odou and Kampi. A main road is within driving distance, and the Nicosia - Limassol Motorway serves the wider region. The field is offered as part of a group of properties. It is a straightforward, well-sized piece of farmland in a rural part of the district.
