Description
A field of 6336 m² in Farmakas, set in open countryside within the Nicosia district. The land is zoned agricultural, with a sloping surface and a triangular outline, and can be used for farming or planting. The Farmakas village centre is a short drive away, as are the neighbouring villages of Odou and Kampi. A main road is within a drive, and the Nicosia–Limassol Motorway lies in the wider region. This is a versatile piece of agricultural land in a rural setting away from dense development.
