For Sale : **€ 16,000**

Description
Mountain village character, a slower pace of life and wild green peaks within reach: this residential field for sale in Farmakas, Cyprus, sits in a setting with a strong local identity. At 1338 m², it offers generous room to plan a home on land zoned for residential use.

The ground slopes and has an irregular shape, a natural canvas for a house designed around the lie of the land. Everyday needs are close at hand. The village centre, restaurants and cafés, a medical centre or pharmacy, a public service office and parks are all a short drive away, as is the neighbouring village of Kampi. A school and a main road lie a little further out.

Weekends write themselves here. The Transfiguration of the Saviour Church is close by, while the traditional village of Fikardou and the nature spots of Kionia peak and Papoutsa make easy days out. A home in Farmakas means authentic Cypriot village life, with the hills and their landscapes never far away.
