Description
Village life with the capital never far away: this generous field in Psimolofou sits on residential land, offering 2,592 m² in a setting with a strong local identity. For anyone looking at a property in the Psimolofou field category, it is a straightforward and versatile opportunity to plan a home in authentic Cypriot surroundings.

Everyday needs are well covered. The village centre, schools, supermarkets, shops, restaurants and cafés are all a short drive away, as are parks and green spaces, petrol stations and the main roads. Neighbouring Anageia is equally close, while a medical centre or pharmacy, sports venues, bus stations and the motorway are within a reasonable drive.

The result is an uncomplicated balance: the slower pace and close-knit community of a Nicosia village, with practical links in every direction. The space gives real scope to shape a home around the way you want to live.

This field is offered as part of a group of properties rather than on its own. Generous residential land, rooted in the authentic side of Cyprus, makes a strong case for itself.
