Description
A share of a field in the open countryside of Acheritou, a village in the Famagusta district. The land has a regular shape and an even surface, giving it a simple, well-proportioned layout. It lies in a rural landscape away from dense urban development, within reach of the village itself.

The field is landlocked and has no direct road access of its own. This sale is for a one-fifth share of the field. It is a flat, evenly laid-out piece of the Cypriot countryside in Acheritou.
