Description
A field listed in Acheritou, in the Famagusta district, set in open countryside within the village community. The land covers 1292 m² in total and has a regular shape with an even surface, which makes it a simple, well-proportioned parcel to walk and understand on the ground.

The field has no direct road access of its own. The village centre, with its church and main avenue, lies a short distance away. This sale is for a one-fifth share of the field. It is a tidy, level piece of the Cypriot countryside in Acheritou.
