Description
This agricultural field in Akaki covers 3011 m² of open countryside. It sits away from dense urban development, in the farming land around the village. Its agricultural zoning suits farming and planting, making it a versatile piece of land to work.

The village centre, petrol stations and main roads are a short drive away, as are the neighbouring villages of Orounta and Meniko. The motorway towards Nicosia is within a drive. The field is sold together with other land rather than on its own. It offers 3011 m² of farmland in the Akaki countryside.
