Description
Agricultural land in Oikos, a village in the countryside of the Nicosia district. This field covers 3011 m² and offers a versatile piece of land for farming or planting.

The village centre is a short drive away, as are the neighbouring villages of Kalopanagiotis and Moutoullas, and petrol stations are close by. The main roads are within a drive, which keeps the wider region within reach. Oikos keeps an open countryside setting away from dense urban development. This is an uncomplicated agricultural field of 3011 m² on the land around Oikos.
