For Sale : **€ 50,000**

**Description**
In the Apostolos Loukas quarter of Aradippou, this agricultural field covers 8,020 m² of even, level ground. It is irregular in shape and has direct road access, with a long frontage running along one side.

Most of the land lies in an agricultural zone and suits farming or planting. A small part falls within a protection zone. The Larnaca–Nicosia Motorway is a short drive away, as are the villages of Koshi and Avdellero. This is a sizeable, level field with its own road frontage in the Aradippou countryside.
