Description
Village life in the Nicosia countryside sets the tone for this residential field in Peristerona. It is buildable land where a family home could one day take shape, and its 1041 m² give a generous footprint to plan around.

Everyday needs are a short drive away: the village centre, schools, supermarkets and shops, restaurants and cafés, petrol stations and public service offices. Neighbouring Astromeritis is close by too. Main roads run nearby and motorway junctions are within a drive, so wider journeys across the island stay straightforward.

For time outdoors, the nature spot of Lefkovounos and a park are both within a drive, as are medical centres and pharmacies. Football fans will find Ellinismos Akakiou Stadium within reach as well. Daily routines are covered without giving up a setting with a strong local identity.

This sale is for a one-third share of the land.

What stays with you is the setting. Peristerona offers authentic Cypriot village life, and this is residential land on which to build a future rooted in it.
