Description
Kaliana is a quiet and beautiful village community in the Nicosia district, with a strong local identity and the Troodos National Forest Park a short drive away. Here, the pace of village life sets the tone, and the neighbouring villages of Sinaoros and Temvria are close by too.

This residential field of 1,338 m² lies within the community, a little way from the village centre. Its residential zoning gives room for a home, surrounded by the calm that makes this part of the district so appealing. The land has an irregular shape and an uneven surface. It has no direct road access.

Picture a home rising here one day, part of a village known for its peace and beauty, with the forests of Troodos within reach for slow weekends. In a quiet corner of Kaliana, it is a setting worth getting to know.
