

For Sale, Land, Plot, Nicosia, Kapedes, 696m²

Kapedes holds the easy, unhurried feel of a
Nicosia district...

For Sale : **€ 8,000**

Description
Kapedes holds the easy, unhurried feel of a Nicosia district village, and this residential plot sits within it, with the village centre only a short drive away. A little further out, Tamasos Lake offers a natural setting to enjoy at weekends, close enough to become part of everyday life.

The land covers 696 m² and has a sloping, irregular shape. It fronts a road, so it has direct road access. Its residential zoning gives room for a home, one that can be planned around the lie of the land and the village setting around it.

Picture a house shaped to the slope, with village life close at hand and the lake an easy outing away. This plot offers a chance to put down roots in a community setting within the district.

The sale is for a 1/5 share of the plot.

A village address, a natural landmark nearby and a residential setting with its own road frontage make Kapedes an inviting place to begin.
