For Sale : **€ 16,000**

Description
Kato Pyrgos is a coastal village with an easy, unhurried rhythm. This residential field lies close to the sea and not far from the village centre, where everyday life carries on at its own pace.

The land covers 7,284 m² on a sloping surface. Its residential zoning leaves room for a home, a place to settle into village life with the sea always nearby. The neighbouring villages of Pano Pyrgos and Pigenia are close at hand. Further afield, the Gialia Monastery and the Cyprus Mouflon Enclosure add history and nature to the wider landscape.

The field has no direct road access, and part of it is currently occupied. A distribution agreement is in place that assigns this share to a defined part of the field. The sale is a 1/4 share of the field.

It is the sea close by and the calm of a coastal village that give this land its lasting pull.
