Description
An open stretch of farmland near the village of Letymvou, this agricultural field in Cyprus covers 11,037 m². The ground slopes and is irregular in shape, and it suits farming or planting on a low-intensity basis. The land has no direct road access.

Letymvou village centre is a short drive away, as are the neighbouring villages of Kallepeia and Polemi and local petrol stations. The Limassol–Paphos motorway is within a drive. Set in an open countryside setting, this is a versatile piece of land with generous space to cultivate.
