For Sale : **€ 20,000**

Description
Open countryside on the edge of Axylou, this agricultural field covers 19,343 m² of Paphos farmland. It suits farming and planting. The ground has a sloping surface and an irregular shape, and the field has direct road access.

The village centre is a short drive away, as are neighbouring Eledio and Episkopi. Main roads, a petrol station and the Limassol–Paphos Motorway, with its junctions, are within a drive. This makes it straightforward to reach the land and to move equipment or produce. It is a generous, open field with plenty of ground to cultivate.
