Description
Set in open countryside around Liopetri, this level agricultural field in Cyprus covers 17,380 m² and is recorded as a livestock field. Its even surface makes the ground straightforward to work, and its size gives generous room for grazing or other farming use.

The field lies away from the residential areas. The village centre, petrol stations and the neighbouring villages of Avgorou and Frenaros are a short drive away, and the Larnaca – Agia Napa Motorway is within easy reach. Access is by a dirt track rather than a public road. This is a versatile piece of land, with level ground and ample space for livestock.
