For Sale : **€ 60,000**

Description
In Kokkinotrimithia, everyday life is close at hand. Schools, supermarkets, shops, cafés and restaurants all lie within walking distance of this commercial field, set within the village life of Nicosia District.

The land is flat and regular in shape, and it has direct road access along its frontage. Its commercial zoning makes business its natural use. Two structures stand on it: an open-plan metal structure that was used as a car wash, and a separate building that served as its office. Together they give a clear sense of how the site has been put to work before.

Beyond the village, neighbouring Paliometocho and the nature spots of Gerogiannis and Lefkovounos are a short drive away, so the wider area offers green escapes as well as daily convenience.

The property is currently occupied. The sale is for a 2/5 share of the field. It is level commercial land with its own road frontage, in a village where daily needs are only a short walk away.
