Description

Family Living and Long-term Investment

The Foundation of Your Future. This prime residential plot in Kokkinotrimithia represents a premier opportunity for custom home development in one of Nicosia's most rapidly expanding suburban districts. Falling within the H2 planning zone with a 90% building density and a 50% coverage factor, the property is perfectly suited for a spacious two-story family residence. In March 2026, the local real estate market has been fundamentally revitalized by the landmark January 1st tax reform, which fully abolished stamp duty on all new property contracts and removed the Special Defence Contribution on rental income, drastically improving the net position for long-term investors. Furthermore, the 2026 market is bolstered by the 6th Edition of the Housing Scheme for the Revitalization of Mountainous, Buffer Zone, and Disadvantaged Areas, which launched on March 2, 2026, offering significant financial grants for eligible applicants building primary residences in communities like Kokkinotrimithia. The plot's positioning in a peaceful and well-connected area ensures a secure and appreciating asset, a standard of smart investment we have guided for 3 decades of experience.

Description Residential Plot for Sale in Kokkinotrimithia. This prime residential plot is situated in a peaceful and well-connected area, ideal for building a family home or an investment property.
