Description
A field on the market in Choulou, Cyprus, set in open countryside a short drive from the village centre. The land measures 3011 m² and is zoned for agricultural use. It has an irregular shape and a sloping surface that follows the lie of the surrounding ground.

The villages of Lemona and Kannaviou are also a short drive away, and a petrol station is within reach. The field has no direct road access of its own. Choulou offers a landscape-led setting away from dense urban development. This is an uncomplicated rural land purchase: 3011 m² of agricultural ground in the Choulou countryside.
