Description
Village life sits close at hand here, with the centre of Vavla only a short walk away. This residential field offers a level, almost rectangular piece of land in a relaxed rural setting, near the heart of a small Larnaca community.

At 2,342 m², the land is sizeable. Its flat surface makes it easy to picture a home taking shape with room around it, and its residential zoning supports exactly that. The land fronts a public dirt road, so it has direct road access.

Beyond the village, the neighbouring communities of Ora and Lageia are a short drive away, and so is Kalavasos Lake, a natural spot for time outdoors. Shops, cafés and schools are also within a short drive, which keeps everyday errands simple.

It is a place where a new home can grow from level ground, with the rhythm of village life just down the lane.
