Description
Space is the first thing you notice here. This single-storey detached house for sale in Frenaros, Cyprus, sits on a generous plot of 4055 m², with verandas, a courtyard and a swimming pool, so there is plenty of room for comfortable outdoor living through the long Cypriot summer.

Inside, an open-plan living, dining and kitchen area forms the heart of the home, the natural place for everyday meals and long Sunday lunches. Four bedrooms complete the layout, and each one has its own en-suite shower room. That makes for a practical family layout, with privacy for everyone and no queue for the bathroom in the morning. Built in 2009, the house combines generous indoor space with useful outdoor areas.

Frenaros offers authentic village life, with schools, supermarkets, cafés and the village centre a short drive away. Deryneia and Agios Georgios Acheritou are close by, Paralimni Lake is within reach for walks, and the Larnaca to Agia Napa motorway links you easily to the rest of the coast.

Four en-suite bedrooms, a pool of its own and land all around it make this a home to put down roots in.
