Description
In the heart of Peristerona, this village house in Paphos district carries the story of a home first built around 1935 and renovated at a later stage. It sits at the centre of the community, with supermarkets and shops within walking distance and authentic Cypriot village life all around. The house has a kitchen, a living room, a separate dining room, a bathroom and one bedroom, giving comfortable everyday spaces across 120 m² of interior. Outside, a courtyard offers room to sit out in the Mediterranean evenings, and an auxiliary building adds extra space alongside. The flat plot has direct road access, which keeps daily comings and goings simple. Restaurants, cafés and petrol stations are a short drive away, as are the neighbouring villages of Steni and Meladeia. The green shores of Evretou Lake are also close by for weekend walks. Main roads, a school and the sports facilities around Polis Chrysochous are within a drive. This sale is for a four-fifths share of the property. What stays with you is the setting: a house with real history, right in the centre of a traditional Peristerona village, ready to become your own front door.
