For Sale : **€ 27,000**

Description
The village of Psevdas in Larnaca district sets the scene for this residential field, which lies close to the village's new church. Everyday life is within easy reach. The village centre, schools, shops and cafés are a short drive away, as are the neighbouring villages of Agia Anna and Mosfiloti. Larnaca International Airport is about 15 km away.

The land is zoned for residential use, so there is room for a home here. Its regular shape and even surface give it a simple, tidy outline, and it is easy to picture a house taking shape across the level ground. The field covers 2,035 m² in total.

The field has no direct road access. The sale is for a 1/2 share of the field.

Level ground, residential zoning and a village setting near the church give this field a calm, honest appeal for a life rooted in Psevdas.
