Description
In Kapparis, part of Paralimni, cafés, restaurants and everyday shops are within walking distance, and the beaches are only a short drive away. Here a sizeable stretch of residential land extends to 5,510 m² in all, set within a residential neighbourhood with daily life close at hand.

The ground is flat and regular in shape, which makes it easy to read on a first walk across it. Its residential zoning points to its natural use as room for a home, and up to two floors may be built here.

Picture a morning that starts with coffee at a café down the road, and an afternoon that ends by the sea after a short drive. Larnaca International Airport is about 40 km away, and the main roads are easy to reach from the area.

What is offered is a one-quarter share of the plot. It is level residential land in Kapparis, with the shops and cafés a walk away and the beaches a short drive away.
