For Sale : **€ 19,500**

Description
Lemithou's village centre is only a short stroll away, and the Troodos National Forest Park is a short drive beyond. These three residential fields sit within easy reach of both, so village life and the forest feel equally close at hand.

Together the fields cover 3,105 m² in regular shapes. They have direct road access and a long frontage along a public footpath and a registered road. The residential zoning allows building on two floors, leaving room for a home of your own in a village setting.

It is a setting with character and a closer connection to nature. The forest park and the old Church of Archangelos Michail are both an easy drive away. The sale is for a half share of the three fields.

Sizeable, well shaped and close to the heart of Lemithou, this is land where a life in the village could begin to take shape.
