For Sale : **€ 125,000**

Description
Above the rooftops of Kapedes, this residential field looks out across the village. It is a setting that invites you to picture the home you might one day build here, with village life spread out below.

At 9,031 m², the land is sizeable, and its residential zoning allows for a home of up to two floors. It has direct road access, with a long stretch of frontage along the road that serves it.

Everyday life stays within easy reach. The village centre is a short drive away, and so is Tamasos Lake for time outdoors. A drive brings you to the motorway linking Nicosia and Limassol when work or the city calls.

A large residential field with Kapedes at its feet, and room to shape a home around that outlook.
