Description
In Ormideia, a short way from the village centre, this residential field offers a calm setting in which to picture a future home. The seafront is only a short drive away, so a morning swim or an evening stroll by the water could easily become part of everyday life.

The land extends to 2,174 m² and is flat and regularly shaped, a level, even canvas that is easy to imagine a home upon. A road runs along two of its sides, giving direct road access, and the residential zoning allows a home of up to two floors.

Life here moves at a village pace, with Ormideia's centre and its familiar daily rhythm close at hand and neighbouring Xylotymbou a short drive further. The sale is of a half share of the field, and a distribution agreement is in place.

Between the village and the sea, this is ground where a home and a way of life are still waiting to take shape.
