Description
The sea is only a short walk away from this residential field near Pigenia, in the Nicosia district. It is a setting where the coast is part of daily life, and the village is never far off. The land extends to 5,686 m², a generous canvas for building a home of your own.

The field is zoned for residential use, and a home of up to two floors may be built here. It fronts a road, which gives it direct access.

The centre of Pigenia village is a short drive away for shopping and a coffee. The neighbouring village of Kato Pyrgos is also within easy driving distance.

Picture a home rising on this land, with the sea moments away on foot and village life close at hand. It is a place to settle where the coast sets the rhythm of the day.
