For Sale : **€ 255,000**

Description
The sea is only a short distance away, and the village centre of Kato Pyrgos is a short drive from this large residential field. It is a setting where coast and village sit side by side, and where everyday life can move at an easy, unhurried pace.

At 10,368 m², the land gives you generous scope to plan the home you have in mind. The zoning is residential, and a home of up to two floors may be built here. Registered roads run along two sides of the field, giving it direct road access and a good length of frontage.

The village supplies the daily rhythm, with its centre close enough for a morning coffee or a quick errand. When you want a change of scene, the Gialia Monastery lies within a drive and makes a pleasant outing into the surrounding countryside.

Space to build, the sea close at hand and a village around you: a place to start shaping a life by the coast.
