For Sale : **€ 149,000**

**Description**
Tseri sets the scene for this residential field of 5,807 m², with Latsia and Lakatameia a short drive away and the main motorways within easy reach. It is a setting that keeps the wider Nicosia area close at hand.

The land is regular in shape and flat, the kind of uncomplicated ground that makes it easy to picture plans taking form. It sits on a registered road, so it has direct road access, and its residential zoning points to a home as its natural use.

Imagine the first sketches for a house laid out across level ground, with the village around you and the city's everyday conveniences only a drive away. Here there is room for a home, shaped around your own ideas from the very start.

The sale is for a half share of the field.

Level, well shaped and connected to the road network, this is a piece of Tseri with real promise for a home.
