For Sale : **€ 110,000**

Description
A short walk from the heart of Fyti, this residential field brings village life within easy reach. Cafés and restaurants are close enough to stroll to, and the land is surrounded mainly by homes, giving it a settled place within the community.

The field covers 6,857 m². It is regular in shape and even across its surface, which makes it a straightforward canvas for planning. It has direct road access along a long frontage, and its residential zoning allows a home of up to two floors.

Picture a family house taking shape on this level ground, with the village centre close by for a morning coffee or an evening meal out with friends. On free days, Kannaviou Reservoir is a short drive away, a peaceful spot for time by the water.

Level land, generous in size and only steps from the village centre, offers room for a home that feels part of Fyti from the very first day.
