For Sale : **€ 172,500**

Description
Kiti village life is right on the doorstep. The village centre is a short walk away, the heritage site of Panagia Aggeloktisti is a short drive off, and Larnaca International Airport is within easy reach for travel to and from the island.

The land here is zoned for residential use, and the field is large at 10,703 m². It has a regular shape, an even surface and direct road access. Homes of up to two floors may be built on it, so there is room to plan a home with village streets, shops and cafés a short distance away.

A distribution agreement is in place. Under it, the share offered corresponds to two large plots. One lies next to a green area and the other sits opposite it. The green area beside the first plot makes it easy to imagine a home with an open outlook.

The sale is a 38% share of the field. It offers residential land, level ground and a village setting with everyday life within walking distance.
