For Sale : **€ 140,000**

Description
A short walk from the centre of Lageia, this large residential field pairs the calm of a residential area with the life of the village close at hand. Local shops and daily routines sit within easy reach, while the setting keeps its peaceful character.

The land covers 6,000 m² and has a regular shape and level ground at road level. Its long frontage runs along the main road through the village, which gives it direct road access and a link to the surrounding area. Residential zoning allows building on up to two floors, leaving room for a home planned around the space and its village setting.

Kalavasos Lake and the neighbouring village of Vavla are a short drive away, and the motorway between Nicosia and Limassol can be reached by car for longer journeys.

Level, open to the road and set close to the heart of an unpretentious village, it is a generous canvas for a home in Lageia.
