Description
Alethriko, in the Larnaca district, is the setting for this residential field of 1,673 m². The ground is flat, so it is easy to stand on the land and picture a family home taking shape. Building of up to two floors is allowed here.

Everyday comforts are part of the appeal. Parks and green spaces lie within walking distance, ready for an evening stroll or a morning outing with the children. The Larnaca–Limassol motorway is close by, so getting around the district is straightforward.

Access to the field is by a right of way across the neighbouring parcel.

Level ground in a residential setting gives a sizeable piece of land in Alethriko with a clear sense of what it can become: room for a home of your own, shaped to the way you want to live.
