Description

What a find! Imagine building your dream home on this residential field in the charming village of Pachna. Just a kilometer west of the village core, you get the best of both worlds: the peace of rural living with the convenience of amenities nearby.

This isn't just any plot; it's a private canvas for your future. Enclosed and with an intriguing irregular shape, it offers unique possibilities for design and landscaping. While it slopes gently from north to south, envision how this could be an advantage, perhaps allowing for a home with stunning, elevated views.

And though it's set back a little, only about 75 meters from a public road, you'll enjoy a sense of seclusion and tranquility, a perfect escape from the everyday hustle. This field offers the chance to create a personal haven in a location that blends residential comfort with the beauty of the agricultural landscape.
