Description
On the rural outskirts of Agrokipia, in the Nicosia district, this agricultural field covers 3,345 m² of open countryside. It sits in an agricultural zone suited to cultivation and planting, and its manageable size makes it a practical parcel to farm or to hold as land. The motorway is close by, and the village centre is a short drive away, with neighbouring Klirou also within easy reach. This is a single, clearly defined field of agricultural land in an open setting outside the village.
