Description
On the outskirts of Agrokipia in the Nicosia District, this sizeable agricultural field offers a good stretch of open ground for cultivation and farming in a rural setting.

The motorway lies a short distance from the land and links the area towards Nicosia. The centre of Agrokipia and the neighbouring village of Klirou are a short drive away. The land is zoned for agricultural use, which makes it suited to planting and working the ground. The field is a practical, sizeable piece of farmland close to good road links.
