Description
Village life and the coast meet in Pigenia, where this large residential field sits within a short drive of the beach. With 7,038 m² of land in a residential zone, it offers room for a home of up to two floors, set within generous surroundings of your own.

A dirt road runs through the field, giving access across the land. The village centre is a short drive away, as are the neighbouring villages of Pano Pyrgos and Kato Pyrgos, so everyday errands and a coffee in the square stay close at hand. The motorway is also within easy reach, making trips further afield simple.

Picture the project taking shape: a home designed around the space you want, with the rhythm of a Cypriot village around you and days by the sea never far away. A sizeable piece of land in a village setting, ready for the home you have in mind.
