For Sale : **€ 230,000**

Description
Set in Geri, with Latsia close by and the town centre a short drive away, this level plot of 1,139 m² gives you a flexible place to start your plans in the Nicosia district. Its regular, rectangular shape makes the land easy to read and easy to picture in use. About half of the plot is zoned for residential use, with room for a home. The other half is zoned for commercial use, suited to a business. Having both uses within one plot lets you shape your plans around the way you want to live or work. The plot fronts a road, so it has direct road access, which is a practical advantage from the very first visit. Flat ground, a tidy outline and two clear uses make this a piece of Geri that deserves a closer look.
