Description
Just outside Galata village in the Nicosia district, this sizeable field extends to 15,720 m². The land sits within both an agricultural and a residential zone. Farming and planting suit the agricultural part, while the residential part offers room for a home. The land has no direct road access.

The centre of Galata is a short drive away, as are the neighbouring villages of Sinaoros and Kaliana. This is a large holding of land on the edge of Galata, with both agricultural and residential zoning.
